

Dingley's Promise Seasonal Enhancement Programmes

We utilise 6 enhancement programmes throughout the year: enhanced stories, loose parts, creative, playdough, music and movement and block play. Through these experiences we will offer children the opportunity to engage in the natural world as changes occur around them and develop their skills through a sequential and ambitious curriculum. Whilst we know SEND children may not develop in a linear pattern, our curriculum is designed to be flexible in recognising the individual child's interests and passions as well as their unique needs and skills. All experiences can and should be adapted based on the children in session and a practitioner's knowledge of the individual child will enable them to guide children's learning and develop their skills sensitively and appropriately to their needs.
