Dingley's Promise Training

Building Early Years Inclusion

Behaviours That Challenge Training Course

Would you like to have more knowledge and confidence to manage challenging behaviours in children you work with?

This course provides an introduction to understanding behaviours that challenge, with a focus on supporting children with SEND. You'll explore practical strategies and approaches that can help you understand the reasons behind behaviour, respond effectively to children's individual needs and create a more inclusive environment where every child can thrive.

THIS COURSE COVERS:

- Understanding the different factors and influences that can affect children's behaviour.
- Developing strategies to support children with SEND and respond to their individual needs.
- Building positive, trusting relationships with children and families.
- Adapting your approach and environment to reduce situations that may lead to behaviours that challenge.
- Strengthening inclusive practice so that behaviour does not become a barrier to a child's participation and learning.

YOU WILL EXPLORE:

✓ Causes and triggers of behaviour, using tools such as ABC and STAR models
✓ How the environment can be adapted to encourage positive behaviour
✓ The fight, flight, freeze and flop responses and how to respond supportively
✓ How family systems and values can influence behavioural patterns
✓ How to work with families to understand behaviour and support positive change

Join Dingley's Promise in transforming inclusive practice in the early years, to give every child the best start in life.

Register today for our 'Behaviours That Challenge' Training Course by visiting dingley.org.uk/training/

"This course should be compulsory for all early years settings. I have so many new ideas which I am using in my setting."
